Water District recaps their last meeting

submitted by Fran Farina,
Chairperson, MPWMD

Monterey Peninsula Water
Management District Board meeting
of November 20, 1995 summary:

1. Approved unanimously-second reading and adoption of Ordinance No. 80 to revise existing district water permit procedures and processing fees. The ordinance amends existing procedures for water permit issuance such as: (1) defines a "master bathroom" and "large bathtub", (2) when both a tub and shower are installed in a master bedroom, the fixture unit count will be reduced from 5 to 3, thereby lowering the permit fee, (3) when two wash basins are installed in a master bath, the fixture unit count will be reduced from 2 to 1, (4) established a processing fee and refund time-line for Conditional Water Permits, (5) exempts portable water fixtures from connection charge and permitting requirements, and (6) eliminates connection charges for permits issued using a public retrofit credit or commercial water credit that was transferred into a jurisdiction's water account. Effective date of the ordinance is January 1, 1996.

2. Approved unanimously - second reading and adoption of Ordinance No. 81 authorizing California-American Water Company (Cal-Am) to serve the proposed Mills College Subdivision in Carmel Valley. The ordinance authorizes Cal-Am to produce up to 2.15 acre-feet of water per year to serve the proposed Mills College Subdivision in Carmel Valley. In exchange, the property owner agreed to permanently reduce production from non Cal-Am wells on the property by 8.29 acre-feet each

* A driver reported that another vehicle passed him at a high rate of speed at Highway 68 and York Road. He followed the vehicle to MidValley Fire Department and then reported the incident.

* A woman reported seeing a domestic fight in a vehicle at Highway 1 and Ocean Avenue. The male was backhanding the female. Contact was made with the registered owner and his wife who said they were not fighting. There were no visible injuries on either one of them.

* A woman on Walker Avenue, Carmel requested a welfare check on her boyfriend who was at her house. She thought he had been drinking, taking medication and acting very agitated lately. Deputy spoke with the man who said he was fine and would go home so he would not cause any further problems.

* A woman on Sunset Lane, Pebble Beach reported a domestic disturbance with her mother who was visiting from Ohio. Mother volunteered to leave in a taxi.

* The hotel manager at the Tickle Pink Inn reported a couple fighting inside their room and the woman pounding on the door to get in. He spoke with them and they said they were done fighting. There were no visible injuries on either person.

* An argument took place at the Carmel Valley Ranch Resort. A man grabbed a woman by the hand and when a third person attempted to stop the arguing the man came towards him with a broken beer bottle. That man had left the area before the deputy arrived.

Teddy Bears are tops on Sheriff's wanted list

Sheriff Norman G. Hicks announced that the annual Teddy Bear drive has begun. The Monterey County Sheriff's Department is collecting Teddy Bears to donate to children who may otherwise not receive a gift at Christmas.

Last year's program was a great success, and it is hoped that the effort will improve upon last year's phenomenal effort.

The Sheriff's Department wants you to give a little something extra this year and encourage a friend to get involved. "Teddy Bears make an excellent gift because they are a personal item that can be kept for many years." Whether they are new,

or in good used condition, all donations are welcome. Sites to deliver gifts are: Sheriff's Monterey Station, 1200 Aguajito Road and Sheriff's Salinas Office, 1414 Natividad Road.

If it is difficult for someone to make a delivery to one of these sites, contact Lt. Dave Allard or Steve Shadden at 755-3772 to make arrangements for the items to be picked up. Cash donations are welcome and will be used to purchase additional bears.

"If you don't mind,
I'd rather take my chances
in front of a jury."

Burn season reopens in Valley

The Forestry Department says it is OK to start burning.

"Effective December 8, 1995 the 'Proclamation Suspending Open

Burning and Other Uses of Open Fire" originally issued November 28, 1995, is terminated. Normal permitted burning may resume, according to CDFFP.

Corrected number for burn info

The Monterey Bay Unified Air Pollution District retracts and corrects another mistake in information given to the public. "The press release mailed November 22, 1995 regarding

the annual backyard burn season for Santa Cruz and Monterey county indicated the wrong phone number for the burn line."

The corrected phone number is: 1-800-225-2876.

Karen Hart was appointed to the Mental Health Commission, replacing Carl Hansen, for his unexpired term ending June 1, 1996.

Monning gives endorsement to Keeley

Bill Monning, campaign reform activist and 1991 Democratic nominee in the 27th Assembly District, announced his endorsement of Santa Cruz County Supervisor Fred Keeley in his bid to win the Democratic nomination in the March 1996 primary election.

McPherson has represented the 27th Assembly District since 1993. He was re-elected in 1994.

An observer said that it is McPherson's proven independence and strong ties to the area that have caused voters to cross party lines and elect him twice in a district where Republicans comprise less than one-third of the registered voters.

AS THE RIVER RUNS

Norman Spaulding

Each holiday season brings a festive rebirth of community spirit. We sing carols, light candles, decorate and come together seeing friends and new faces who are all part of our community.

Most of the public events are sponsored by local merchants and your Chamber of Commerce. These are the same people who are there for you all year long. They are the hard working souls who generally provide you with special services and attention all year long. They are the folks who sponsor youth and senior activities, fight for community improvements and recognize you by name.

These local people deserve your business during this holiday season. Rather than rushing off to far away malls and discounters, shop with your local home town merchants first.

Make a deliberate effort to shape your shopping list to fit goods and services that are available here in town.

Yes, in some instances, you may pay a little more. Yet your personal

benefit and benefit to the community will be great.

This season is a good time to show your community pride by buying at home. Maybe the selection is not as great. Yet each item you purchase at home will add pride and dignity to the gift and the community.

This year, before you rush off to Monterey, Sand City, Salinas or heaven forbid, San Jose, Oakland or San Francisco; make a deliberate effort to shop at home. Go look into the multitude of small shops, food stores, service businesses and restaurants that you may drive by every week.

Make a concerted effort to spend your precious dollars with the people who are a part of this community.

Please remember not to walk in the door with an attitude that says, "They won't have what I want." Show your holiday spirit by thinking what do they have that will satisfy a person on your holiday shopping list.

Happy holiday shopping - by patronizing the folks who are always there for you and the community.

WHAT'S NEXT? Mel Vercoe

It must be disheartening as heck to Jay Leno. Just when he gets a really good comedy skit put together, along comes our Laurel and Hardy, White House and Congress team with a Charlie Chaplin skit that nobody could beat, no matter what.

Sweden has a pretty good foreign policy we ought to study. When they get into a war, it's traditional for their King to be out in front, leading all of the other guys into battle.

Well, OK, so we probably wouldn't have our guys in Bosnia, ready for about ten years of Viet Nam II, if our king was out in front, leading the way. So, what's funny about it?

Only that the human rights abuses in Bosnia are small fry compared to what's happening in America, thanks to poor top level management, which has allowed our country to face financial bankruptcy, a problem that our White House and Congress have tried to ignore for many years. It's ironic that the bankruptcy came to light at the same time that our President was demonstrating his world leadership skills.

The bankruptcy was forming for many years, for many reasons, (wars,

foreign giveaways, expensive military overkill and space porkbarreling, irresponsible priorities), and now, just when we need a lot of money for Viet Nam II, we have a terrible time finding cash to make an interest payment, to keep our \$5 trillion debt out of foreclosure. The interest payments are \$30 billion per month.

Bankruptcy would mean a quick slide into Third World nation status. Maybe the Bosnians, or the Israelis, or the Egyptians, where we've sent a lot of money, will send some of it back.

Give up, Jay Leno. Just admit you can't beat our White House and our Congress for comedy.

LETTERS to the Editor

Editor, Carmel Valley Sun:

Once again the holiday season is upon us. This year we at the Baja Cantina are sponsoring a toy drive to benefit children in need. One of our friends has donated an 8 x 20 foot toy bin. Our goal is to fill it to overflowing. As there are so many children on the peninsula who need our help, it is only with your support that we will reach our goal.

We would like to invite you to our holiday celebration on December 19, 1995 at 7 p.m. Please bring a new unwrapped toy that will be donated to one of our six charitable organizations. The Salvation Army, Peninsula Outreach, The Children's Services Center, The Child Abuse Prevention Council, The YMCA and

Children of Migrant Farmworkers are planning to distribute the toys through the month of December, so early contributions are encouraged.

We are planning an evening filled with holiday cheer. With your unwrapped toy you will receive a Baja Buck in return, to be used toward any Baja Cantina purchase. If you would like to arrange for pick up, please call us at 625-2252. Nothing can make our own holidays merrier than helping someone in need.

Pat and Gina Phinny
and The Baja Elves, Carmel Valley

Editor, Carmel Valley Sun:

Your November 23 issue carried a curiously vindictive letter criticizing recent actions undertaken in behalf of the citizens of the area served by the Carmel Regional Fire Ambulance to continue service that would be superior to the proposed single provider system conceived by Monterey County bureaucrats. That letter you published was written by Paul Odell, a Field Supervisor for Peninsula Paramedics, Inc., in a pedantic and self serving way to misinform the public and feather his own company's nest.

Emergency Medical Service for citizens of the Carmel Valley Fire Protection District has been provided since 1948. As a Board Member of CVFPD, I am proud and pleased of our record which is exceeded by few in the whole State of California providing for prompt and thorough service to our citizens and neighbors.

In recent years, we, along with other fire agencies, have worked as a member agency of Carmel Regional Fire Ambulance, having previously worked with Carmel Red Cross to provide service for Basic Life Support and presently for Advanced Life Support to the citizens we serve.

Under Pen Med, ambulance service for citizens in this district will decline from its present CRFA service levels. Odell's math is false. Service response from Pen Med, at best, will be from 20 to 45 minutes, and with their "roving plan" even longer during busy times. Mr. Odell may be concerned about his parents, and I am too, but my deep concern is for all of the citizens of this community,

including my children, grandchildren and neighbors.

I've been privileged to live in Carmel Valley for more than 28 years and this whole Monterey County proposal is hog-wash of the first order and only serves to fill the pockets of Pen Med which is already supported by a large National Organization, so Pen Med's owners may profit from the sale of the Monterey County service franchise soon after the County grants same. Then we are all in the "soup" because of the greed of a few people

and a few bureaucrats' unwillingness to deal with their real responsibilities.

Dear

I read your latest diatribe in the Sun with great amusement. As an ex-civil servant I wonder if you have ever considered the drawbacks in taking such positions.

If the public abuses you, verbally or otherwise, you can't take the matter to court. Civil servants aren't

supported by administrations in this regard.

Due to the fact there are so many numbers involved under a single administrator, promotions are few and far between.

The only opportunities for educated women lie in civil service.

Administrators use employees as cogs-in-the-wheel with no regard. This means to save money they fire

"The Marriage Proposal" to be performed in Village

The Valley Players Guild (VPG), a new theatre venture in Monterey, will be housed at The Community Church of the Monterey Peninsula in Carmel.

Auditions for Chekhov's irresistibly funny one act play, "The Marriage Proposal", will be held Tuesday and Wednesday, January 2 and 3, at 7 p.m. in Woodhull Hall at the church located on Carmel Valley Road, one mile east of Highway One.

Needed are two men and one woman: one man and woman aged 30-35, one older man.

The second play will be the great drama, "The Vigil", with a large cast of 24, which will be performed in the church around Easter time.

Call 626-0514 for information.

Stanton Endowment gives \$40,000 for history and art

Monterey History and Art Association received a \$40,000 grant from the Robert and Virginia Stanton Endowment of the Community Foundation for Monterey County for the development of new interactive "hands-on" exhibits at the Maritime Museum of Monterey.

The Maritime Museum of Monterey provides an opportunity for children and adults, visitors and residents, to learn about the fascinating history and achievements attributed to Monterey.

The Museum is planning to create a series of interactive "hands-on" exhibits to enhance learning about the scientific achievements which made navigation possible, the various techniques used by fisherman, and bring history alive by using such tools as a World War II telegraph key, signal flags, and flashing light communication techniques.

For more information about these exhibits or other programs at the Maritime Museum, call Donna Penwell at 375-8370.

Christmas Pageant at Our Lady of Mount Carmel

Leap for Joy 1995, A Carmel Valley Christmas, an original pageant retelling the Nativity with music and dance, will be held at Our Lady of Mount Carmel Church, 9 El Caminito Road, Carmel Valley Village at 7:30 p.m. on December 16th.

Wine and Christmas treats will be offered after the play. Christmas cookies and other desserts will be available for purchase.

Noted actress and singer, Leslie Williams, and the singing chef, Robert Swanigan, will join the Christmas choir and orchestra under the musical direction of Serena Underwood.

Also featured will be the March of the Angels. The pageant is produced and directed by television producer Walt deFaria.

The pageant is open to the public; free admission or voluntary donation. Call 659-2224 for information.

EXCERPTS "THE GREATEST GIFTS OF ALL"

"PEACE", because in it you find forgiving, happiness and understanding. If you want, you can find love and friendship in peace. If we had peace there would be no more wars and, hopefully, no more sorrow. If we had peace, the world would be a better place." -- Kristin Hocevar

"HUMOR", without which the world would be a boring place. Also, if we didn't have humor, we wouldn't smile as much. Humor helps settle arguments." -- Alex Conway

"LOVE", a wonderful thing to have. Love runs through you during the holidays. You cannot get rid of love, even if you wanted to. Without love, this world would be a cruel place. Love is, by far, the greatest gift of all." -- Lexy Franklin

"RESPECT", for you couldn't have any other gifts if you didn't have respect for other people or self-respect. You couldn't have friendship without respect for each other ... love is no use if you have no respect for other people. I wouldn't want family if they didn't have respect for me. Peace is not made without respect for every living being. All things need respect." -- Alana Horais

COMPUTER TALK

Val Healey

Most BBS are very general in their scope and, more often than not, no charge is made for the use of the system. Then there are more specialized ones focussing on such diverse subjects as amateur radio, astronomy, dating, eroticism, games, "chat", horse racing, mysticism, paranormal, pornography, pornography, pornography, science, sci-fi, UFO, and endless other ographys, -isms and topics. Frequently there is a monthly subscription for access to these. For most people local calls are free so there is no overall cost to them for visiting the free BBS, by modem of course. Out-of-the-area residents generally have to pay long distance

phone charges, which usually limits the BBS to local traffic. Many commercial ones that charge high subscription rates have toll free lines to large population centers.

Some BBS are exclusively "chat" oriented and do little more than provide on-line discussions in a written, rather than verbal, format. The amount of information in written comments, that must be transmitted from computer to computer, is only a tiny fraction of that in the actual spoken equivalent and, with the slow rate of modem transfers, this is important.

The chat facility can have a very beneficial effect on a rural community whose inhabitants are widely

scattered. Imagine, on a cold winter night with heavy snow around, ten to twenty people in Montana, Wyoming, Colorado...sitting with their computers near warm fires and discussing the important topics of the day. Even in sunny California there are many elderly people who live alone and do not wish to go out at night, and many disabled ones, who would welcome the opportunity for such group discussions. Moreover they would not have to fight to "get a word in edgewise" as they might do in a verbal discussion. They type their comment into their computer and their input appears on all participants' screens as soon as they press enter or click on save.

The number of chat participants

depends on the numbers of telephone lines into the BBS.

On smaller BBS there is only a single chat facility but on the larger ones there are "chat rooms" which a caller, who has just logged on, may attempt to join. The chat manager, who moderates the chat, makes the decision about whether to allow another participant. A small window opens on the terminal of the chat manager announcing something like "Jane Smith would like to join the chat. Accept?" Some of the BBS are run by women for women only and even give voice tests in an attempt to eliminate male "spies". In certain areas of the country it is rumored that there is a shortage of helium.

In the next part we will look closely at the content of BBS.

personnel before tenure can be established...right and left.

Since one is a cog in a system, individuals can't make changes in routine work.

Nobody makes a complaint, as paperwork follows an employee around for 50 years (count 'em).

Pension systems don't carry over from job to job. In civil service this means no Social Security coverage.

This, in turn, means no pension...unless you grin and bear something horrible for 50 years.

As for this last, just wait until the fact sinks in that federal pensions won't apply once "block grants" are instituted, by which states have control, rather than the federal government. Once personnel realizes their benefits will suffer I predict massive strikes. (Look at what is going on in France.) It won't just be the moms of illegitimate offspring carrying placards in the parking lots of government buildings.

None of this is ever in print. Why don't you try to get it into print? (Laughter).

Sincerely yours,
Bystander

REAL ESTATE REPORT

Carol Jensen Root

The following real estate sales were reported for the period of November 5, 1995 through November 9, 1995:

Pebble Beach

Norwest Bank Arizona National

Association sold to Jack and Barbara Kidder 3105 Sloat Road on November 6, 1995 for \$506,500.

Charles and Elaine Harris sold to James and Jean Hively 3130 Bird Rock Road on November 7, 1995 for \$402,000.

The Sun's Real Estate Dictionary

To the unfamiliar, it can often confuse and bewilder. Fannie Mae and Freddie Mac. ARMS and APR. Clear title and Clouded title. Though these terms have special meaning to real estate professionals, they may often be meaningless to the consumer. To help you better understand the language of real estate, the California Land Title Association has defined some of today's most common real estate, lending and title terms.

A - Abstract of Judgment: A summary of the essential provisions of a court judgment. When recorded, an abstract of judgment creates a general lien on all of the real property of the judgment debtor in the county in which it is recorded.

Acknowledgment: A formal

declaration made before a duly authorized officer (usually a notary public) by a person who has executed an instrument that such execution is his or her act and deed.

Adjustable Rate Mortgage (ARM): A mortgage in which the interest rate is adjusted periodically according to a preselected index. The terms, adjustment schedule and index to be used can vary based on the particular lender.

Agency: A relationship created when one person (the principal) delegates to another (the agent) the right to act on his or her behalf in business transactions.

All-inclusive Trust Deed (wrap-around mortgage): A financing technique which involves the creation of a new trust deed which includes the balance due on the existing note plus any new funds advanced.

American Land Title Association (ALTA): A national association of title insurance companies, abstractors, and agents.

Carmel

Nancy Welch sold to John and Marguerite Krisher a property on Junipero Street on November 6, 1995 for \$244,000.

Richmond Equities Inc. sold to Jeffrey and Barbara Stone a property on 1st Avenue on November 7, 1995 for \$249,000.

Carmel Valley

Douglas Lee sold to James and Ann McSwiggin 370 El Caminito on November 6, 1995 for \$550,000.

Carmel South Coast

Joseph and Kristin Butler sold to David and Nicole Barth 82 Corona Road on November 8, 1995 for \$430,000.

The association adopts standard title policy forms.

Amortization: The process of paying off a debt in installments over a given period of time without a final balloon payment.

Annual Percentage Rate (APR): An expression of the relationship of the total finance charges to the total amount to be financed, as required under the federal Truth-in-Lending Act.

R.E. Dictionary from page 11

Appraisal: An opinion of the value of property resulting from an analysis of facts affecting market value.

Assessed valuation: The value that a taxing authority places upon real or personal property for the purpose of taxation.

Assumable: A mortgage loan which can be transferred to another person without a change in the terms of the loan.

B - Balloon Payment: The unpaid principal amount of a loan due on a specific date in the future. Usually the amount that must be paid in a lump sum at the end of the term.

Beneficiary: The person who is entitled to receive funds or property under the terms and provisions of a will, trust, insurance policy or security instrument. In connection with a mortgage loan the beneficiary is the lender.

Beneficiary's Statement: The statement of a lender which gives the remaining principal balance due on a note and other information concerning the loan. It is usually obtained in escrow when the owner wishes to sell or refinance.

Bill of Sale: An instrument by which title to personal property is transferred or conveyed.

Bona Fide Purchaser (BFP): One who buys property in good faith, for fair value, and without notice of any adverse claim or right of third parties.

Broker: A person is licensed to act as an agent for another in negotiating the sale, purchase, or mortgage, of real property in return for a fee or commission.

Buydown: A financing technique used to reduce the monthly payment for the home buying borrower during the initial years of ownership. Under some buydown plans, a residential developer, builder, or the seller will make subsidy payments (in the form of points) to the lender that "buydown", or lower, the effective interest rate paid by the home buyer, thus reducing monthly payments for a set period of time.

C - California Land Title Association (CLTA): A statewide association of title insurers and underwritten title companies. The association adopts standard title policy forms.

Water Recap from page 1

year. Of this amount, 6.14 acre-feet was set aside to meet the District's long term conservation savings goal.

3. Approved unanimously - consideration of application to annex Granite Construction property in Sand

City into the Cal-Am service territory. The City of Sand City had obtained a Conditional Water Permit for construction of the North of Playa Avenue Redevelopment Project, a proposed shopping center to be located adjacent to the existing Sand Dollar Shopping Center. Historically,

water service to this property for industrial uses had been supplied from on-site wells. Water service for potable uses had been supplied from a remote connection to the Cal-Am system on the east side of the property. The annexation brings the entire area of the proposed project into

the Cal-Am service territory. Water for the redevelopment project has been reserved by Sand City from its existing water allocation.

4. Deferred - reconsideration of application to amend Monterra Ranch water distribution system permit. This item was deferred to the December 18 meeting at the request of the applicant.

5. Provide direction regarding water supply planning. The Board agreed to conduct a study session on water supply alternatives in January 1996. Staff was directed to review previous assumptions regarding the feasibility of water supply alternatives based on present water supply needs, the SWRCB order specifying Cal-Am production, current environmental regulations and other criteria that may have changed since the District's original documentation on alternatives was completed. Staff will brief the Board and public on the viability of water supply alternatives at the January study session.

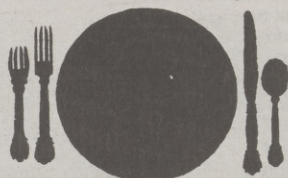

6. Deferred - direct staff on development of a multiple-family housing retrofit credit ordinance. The Board will provide direction to staff on development of an ordinance incorporating the recommendations of a citizens' committee charged with finding incentives for retrofitting of multifamily housing.

7. Deferred - discuss request by the City of Pacific Grove to grant water credits allowing the reuse of water saved by reductions in golf course and open space irrigation. The item was deferred to the January Board meeting at the request of the City of Pacific Grove. The City proposes that the Board consider development of an ordinance that would allow municipalities to realize water credits for reduction in water use on large municipal parcels zoned as open space, recreational and/or cemetery with a baseline allocation of over 20 acre-feet.

8. Looking ahead to the December Board meetings. December 4 - administer oath of office to James Hughes, Richard Ely and Robert Ernst. December 18 - (1) announce name of new General Manager, (2) election of Board officers, (3) consider adoption of January through March 1996 Water Supply Strategy and Budget, and (4) reconsideration of application to amend Monterra Ranch water distribution system permit.
